REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 17-23 have been allowed because the prior art does not teach, alone or in combination, an end effector for placing reference markers on an object including a curved stylus with an internal orifice through which fluids are dispensed

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Bannister, Omayra *et al.*, Khoshnevis and Susnjara *et al.* are cited to show other examples of end effectors used for marking articles with a fluid.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel J. Colilla whose telephone number is 571-272-2157. The examiner can normally be reached on M-F 7:30-5:00.
